

## **Bericht ontvangen na de DAG-vergadering van 12 juni :**

*Dear members of Rotary Club,*

*With great pleasure and sincere gratitude, I address you to express my deep appreciation for the wonderful meeting we had yesterday. It is an immense honor for me to be in the company of such pure-hearted and exceptional individuals who wholeheartedly dedicate themselves to assisting others.*

*I was astounded by the scale and diversity of projects undertaken by Rotary Club, as well as the significant and vital issues it addresses in its mission to promote the development and ensure the safety of our global society. Since achieving awareness, I have always dreamt of being part of such a union of people committed to societal progress and the creation of secure conditions for peaceful coexistence.*

*Until now, I have primarily offered assistance through small-scale projects, with particular focus on aiding Ukraine, a country currently enduring challenging times and in need of our support. However, thanks to the meeting with all of you, I have come to realize that my full potential can be unlocked, enabling me to actively contribute to the development of our global society by implementing projects alongside remarkable and resilient individuals like yourselves.*

*Once again, from the depths of my heart, I thank you for the opportunity to participate in yesterday's gathering. Your inspiration and exemplary actions bring vibrant hues into my life. I sincerely believe in the bright future that we, together, create each day.*

*With my warmest regards and profound gratitude,*
